NOTES:

Please remember that **Field Event Athletes only need to be sent directly to the site by Staff at the time listed below.**

If athlete is in a track event, please have a staff go to the field site to let field official know and 'check' them in.

I would suggest that staff take the students to their sites to ensure they get there / make sure they know which site to go to.

Field event Marshalling occurs **10 minutes** before the scheduled start time for that event.

All Div 1 events to Site 1 and all Div 2 events to Site 2 – except for High Jump (see notes*)

Please refer to map for locations

Please ensure that the students are clear what event number and division they are in as there is no Field Marshalling Tent to double check them.

If you have any late field substitutions, the athlete must be sent to the field event with a substitution slip.
